

# Assignment: Research and Literature Exploration

Submission Deadline: On or before 11.59pm, Saturday, 27<sup>th</sup> September 2025

## Instructions

This assignment consists of two main parts. You are expected to complete both parts and submit them as two separate files to the LMS:

- Research exploration (Word document)
- Article review (Word document)

### Question 1: Research Exploration

- (a) Select a research topic of your choice and formulate an initial research question.
- (b) Narrow down the research question and identify two sub-questions you would like to answer during your study.
- (c) Use ChatGPT (or a similar AI chatbot) to conduct a *deep research* related to your research questions. Compile the relevant literature you obtain into a Word document.
- (d) From the literature generated in Part (a), identify and list at least five research articles. Provide proper citations following the **APA Referencing Style** and append it to the same document.

### Question 2: Article Review

Select one article from your list and answer the following questions:

- (i) What is the title of the article?
- (ii) Where was it published?
- (iii) What is the main objective of the study?
- (iv) Briefly describe the dataset used in the study (if applicable).
- (v) What computing or statistical methods were used in the study?
- (vi) Summarize the key findings or significant conclusions of the study.

#### Submission Format:

- Upload the answers for **Question 1** and **Question 2** as two separate Word documents to the LMS.
- Ensure that both documents are well-structured and clearly labeled.
- Late submissions will not be accepted.
